

Licensed Site Professional Services – Massachusetts

Alliance Environmental Group, an F.W. Webb company, is authorized in Massachusetts to lead companies and organizations through the Massachusetts Contingency Plan (MCP).

In 1993, the Commonwealth of Massachusetts created a program to privatize the cleanup of listed hazardous waste sites in the state. This program established Licensed Site Professionals (LSPs) to assist clients by achieving regulatory closure and redevelopment in a safe and financially responsible manner.

The highly experienced LSPs at Alliance work on behalf of – and advocate for – property owners, operators, and other responsible parties to oversee the assessment and cleanup of environmental contamination. Driven to help clients, our LSPs are focused on protecting health, welfare, safety and the environment.

All work and services are performed in accordance with the Massachusetts Contingency Plan (310 CMR 40.0000) and other applicable laws and regulations.

LSP Services:

- Release notifications
- Phase I/II Site Assessments
- Risk characterization methods 1-3
- Risk reduction measures
- Immediate Response Actions (IRAs)
- Release Abatement Measures (RAMs)
- Utility-Related Abatement Measures (URAM)
- Phase III Remedial Action Plans (feasibility studies)
- Phase IV Remedy Implementation Plans (design & construction)
- Phase V Remedy Operation Status (O&M*)
- Downgradient Property Status (DPS)
- Limited Removal Actions (LRAs)
- 21J UST fund reimbursement
- Response Action Outcome services
- Permanent and Temporary Solutions
- Activity and Use Limitations (AULs)
